

VISIONNAIRE

Success Case

Headhunting for Recruitment
of Specialized IT Professionals

Problem

Arius Sistemas needed to overcome the challenges of the current IT market and find highly specialized and qualified professionals in different selection processes to work on various projects.

Solution

Visionnaire, through a specialized IT Human Resources department, filled technical and demanding positions for Arius Sistemas in six selection processes.

Results

With Visionnaire's *expertise*, Arius Sistemas filled the following positions: Senior Oracle PL/SQL Developer, Mid-level and Senior Java Developer, Fiscal and Accounting Assistant, Tech Lead, and Senior Fiscal and Tax Product Owner.
